Dear Mr. Lozowick:

Thank you for your recent letter concerning Business & Industrial Coordinating Council. I would be happy to discuss the future of the agency, however, vacation and other summer commitments are such that I will not be available until early September.

Please be sure that I will contact you at that time.

Sincerely,

Dear Carl,

I want to thank you for taking time out to listen to us again. I also thank you personally for having a positive influence in my individual growth through your support of the Management Assistants position here at BICC.

As I explained to you, that since my appointment to the Executive Directorship of the BICC, I am attempting to put the coordinating back in the Business & Industrial Coordinating Council. In order for us to do this most effectively, we will again be asking for support. However, I shall put that in the form of a proposal as suggested.

Again I thank you for your past financial support and continued interest in the BICC and its goals. With this in mind, let me extend an open invitation to visit us or call upon our services.

Sincerely,

Thomas A. Boykin

Dear Mr. McCall:

We were pleased to learn that The Florence and John Schumann Foundation's check for \$7,500 (representing the second and final installment of their grant of \$15,000) has been received by BICC. We deeply appreciate your financial assistance, and are grateful for the interest that you and the Foundation have shown to the Business and Industrial Coordinating Council.

We would like to discuss BICC with you when we can do this without the pressure of having to discuss financial needs. Please call me on 468-3124 and we can make an appointment.

Very truly yours,
